PO Box 3963, Auckland.

- These traps have been designed by the Department of Conservation
- The Doc 150, Doc 200 and Doc 250 have passed draft NAWAC (National Animal Welfare Advisory Committee) guidelines as humane kill traps for the pests listed for each trap.
- All traps are made of zinc passivate electroplated mild steel with stainless steel working parts.
- All stainless steel traps now available. Ideal for shorelines and onerous environments.
- Trap setting tools are available for \$23+GST.
