- These trap boxes have been designed to the Doc (Department of Conservation) 'current best practice'.
  - The Doc 150, Doc 200 and Doc 250 have passed draft NAWAC (National Animal Welfare Advisory Committee) guidelines as humane kill traps for the pests listed for each trap.
  - All of the trap boxes are constructed using H4 timber, galvanized weld mesh, galvanized nails and staples, stainless steel screws.
  - Freight free options available, Bulk deals also available. Contact for more details
- DISTRIBUTION NATIONWIDE - North and South Island
